

When Projector doesn't respond

- ① Reboot the projector using the **main power switch**.

You need to stand on a desk

- ② If it doesn't work, please use the TV.

(See back page)

How to use the TV instead of Projector

① Connect the following cable to the PC.

Contact Us

Research Liaison Office

② Switch on TV and switch input method to “PC” using the remote control.

“電源 (Power)” → “入力切替 (Input Change)”

Select “PC” via arrow buttons and Push “決定 (Apply)” button.
